Community organizer & program operations professional leading recurring public events & mutual aid food distributions serving hundreds weekly. Background in program evaluation, needs assessment, & survey research, with experience building operational reporting in complex environments. Focused on trust, participation, & follow-through in high-touch community contexts.

Professional Experience

Volunteer Community Organizer Local LGBTQ+ Mutual Aid Network | 2024 – Present

Community-building effort centered on recurring public events, community spaces, & mutual support.

- *Built & sustained a 100+ member community network through recurring public events & community spaces, strengthening participation, trust, & mutual support.*
- *Planned & executed community events end-to-end: outreach, logistics, volunteer roles, accessibility planning, & partner coordination.*

Founder & Facilitator Yes, Chef Mutual Aid Network | 2025 – Present

Coordinate weekly surplus community food distributions & volunteer operations.

- *Coordinate weekly surplus food prep & distribution serving hundreds of community members; manage donation logistics, volunteer scheduling, setup/teardown, & on-site operations.*
- *Maintain consistent community communications supporting volunteer turnout & participation.*

Senior Site Reliability Engineer Mastercard | 2023 – 2025

Senior SRE for global payment infrastructure processing billions in transactions annually across 40+ countries.

- *Coached development teams on observability best practices, security-first engineering, & infrastructure architecture; delivered monitoring documentation & runbooks.*
- *Transformed operational data into clear narratives for leadership; created documentation & training materials supporting cross-functional alignment.*

Founder & Director The Energy Illinois Project | 2019 – 2020

Designed a practicum-style program pairing engineering students with energy-industry mentors to deliver free energy audits & efficiency plans for local businesses.

- *Designed program structure & workflows for student teams & professional mentors.*
- *Presented program concept to a local Illinois professional engineers association.*

Associate Consultant SIU Applied Research Consultants | 2019 – 2020

Delivered end-to-end survey research & evaluation consulting for local & regional stakeholders.

- *Designed & executed end-to-end survey projects for multiple regional clients: stakeholder intake, survey design in Qualtrics & SurveyMonkey, data analysis in R, Python, SQL, & SPSS, & final reporting.*
- *Maintained long-term client relationships across Metro East & Southern Illinois businesses & university departments.*
- *Built & maintained entrance/exit surveys for the consultancy to develop curriculum & ease transitions for incoming graduate students.*
- *Maintained an interdisciplinary statistics education platform helping students across fields access data processing resources.*

President SIU Photogenesis | 2018 – 2019

Led university photography organization; grew membership & revenue through client services, fundraising, & event programming.

- *Grew organization membership from 5 to 40 members in a single semester through direct marketing & outreach.*
- *Increased organization funds from $2,000 to over$10,000 by implementing fundraising activities & a new client photography revenue stream.*
- *Oversaw publication of Lux, a nationally recognized fine art photography journal.*
- *Designed new organizational branding, email newsletters, & wrote a new constitution.*

Education

M.S. Applied Psychology, Southern Illinois University Applied Statistics Focus | 2019 – 2020

- *Statistics & applied research focus; consulting & statistics coursework. 3.75 GPA.*
- *President, SIU Statistics Club. Graduate Advisor, SIU Photogenesis. Chair, 4+1 Program Committee.*

B.A. Psychology & Photography, Southern Illinois University Neuroscience Specialization; Documentary Specialization | 2014 – 2019

- *Neuroscience specializations: Addiction Neurophysiology; Neurotrauma & Rehabilitation.*
- *President, SIU Photogenesis. Recipient of Photography Merit Scholarships. Awards in Lux National Photography Journal & Little Muddy Film & Photography Festival.*

Projects

- ***regression_lesson_jupyter*** *– Python tutorial explaining linear regression concepts with intuitive examples & visual walk-throughs.*
- ***2020 Commencement Report Pipeline*** *– R-based survey processing pipeline for consulting project; automated cleaning, aggregation, & reporting outputs.*
- ***aeholbrook.com*** *– Personal portfolio site built with Next.js; visual contact-sheet layout linking photography galleries, resume, & project repos with custom typography & scrollable storytelling.*
